The Best of East & The Best of West

Architects are the real force behind amazing buildings and structures. Skyscrapers would not have been possible without them. Architecture has changed tremendously in the last couple of decades where the demographics of students has undergone tremendous change and students from varied social backgrounds, disciplines and streams have come to choose this stream.

### **Our Vision**

Blending tradition with modernity, to lay a strong foundation for a meaningful curriculum that balances technically-sound and aesthetically-pleasing design principles, in-tune with environmental thought leaders of the modern and ancient world

### **Our Mission**

To blend theory and practice, vernacular and modern, research and design into an innovative, practice-oriented curriculum aimed at a futuristic world that is sustainable and in harmony with nature.

Further, to lay the mold for students to be ethical and ecologically-sensitive, professional, building-practitioners who combine intuitive and rational thinking to design for the “Real World.”

### Green Champion

The department of Architecture has received the prestigious “Green Champion” award from Indian Green Building Council in 2018

### 10th Best Architectural Institutes

It also has been nominated in the top “10 Best Architectural Institutes” in 2020 by higher Education Review

“ Education should be holistic and should create opportunities that facilitate one’s cognitive, physical, emotional, social, and spiritual growth.

A good system of education must instill self-esteem, life skills and creativity in students. It must help nurture a free, un-obsessed, anger free and relaxed mind. Such a well-rounded education system can also prevent fanaticism in young mind. “

**- Gurudev Sri Sri Ravishankar Ji**

“ If you are a student who wishes to excel, loves to innovate, thrives on creativity, revels in diversity and wants to walk out of campus with expertise in domain knowledge and life, Sri Sri University is place for you
